

VARIO M7 Trailer / CHANGE

The VARIO M7 trailer complements the VARIO CHANGE work tables to create space-efficient angled workstations with personal storage space.

In open space, different structures can be created with the flexible combination of table and trailer: Block positions, linear arrangements or individual group workstations.

The M7 semi-trailer takes up the second leg of the desk, thus reducing the footprint and providing visual calm. The tabletop of the inserted table springs back 30 mm to the corpus, thus no additional spacers are needed in the different set-up configurations. The optional fabric back panel gives VARIO M7 a homely character; the fabric collections LUCIA, BLAZER LITE and SYNERGY 170 are used here.
