

VARIO M7

VARIO M7 - the cabinet system with additive sliding-floating doors.

Compared to classic office cabinet systems, the VARIO M7 cabinet system is characterized by a very calm front appearance. To achieve this, the number of visible joints is reduced to a minimum by means of pre-hung sliding-floating doors and continuous carcass sides.

M7 cabinets are available up to a height of 6 BH with divided or continuous sliding-floating doors. Starting from a shelf element, the fronts are pre-hung and run in one plane on aluminum rails. With the sliding-sliding doors, the result is always an architecturally clear joint pattern.

The optional fabric covering of the fronts offers sound-absorbing properties in addition to a warm atmosphere. More information on acoustic equipment in our AKUSTIK brochure in the download area.

In addition to the equipment with shelves, differentiated compartment division and pull-out clothes rail, there is also provision for running-in hanging pull-outs and drawers. Due to the adapted design, dimensions and materials, M7 can be optimally combined with the M8 wardrobe system.

Heights without stand element

2 BH: 740 mm
3 BH: 1112 mm
4 BH: 1483 mm
5 BH: 1855 mm
6 BH: 2226 mm

Depth

415, 600 mm

Width

600, 800, 900, 1000 mm
