

# VARIO LET'S TALK ROUND

VARIO LET'S TALK combines different solutions for meetings and conferences.

The round central leg is the basis of VARIO LET'S TALK ROUND. The round and oval table shapes in LET'S TALK ROUND are the result of extensive test arrangements for various meeting situations. Different material finishes, height variants and base groups complement a modern, visually restrained and communicative meeting table. The rounded front sides of the oval shape provide sufficient surface area for the person sitting here, while the long sides - as with the boat shape - are slightly taut to ensure eye contact for all participants.

VARIO LET'S TALK FLIP - is the mobile table programme for ad-hoc conferences or seminars.
