

VARIO CONCLUSION

The VARIO CONCLUSION counter simplifies orientation in the reception area:

The CONCLUSION counter attachment can be fitted from a cheek or rear wall height of 1050 mm and turns the CONCLUSION worktable into a reception counter. The attached angle gives visitors a clear signal as to where they are expected. If required, the angle can be moved and equipped with further accessories such as screen holders or brochure holders. The functions of a height-adjustable work surface, simple cable management and convenient linking options allow for individual solutions: in a doctor's practice, as a hotel reception, in a company foyer, in a central zone, in open space...

Table heights
680 - 760 mm (assembly height adjustment)

Tabletop thicknesses
13 mm

Table top dimensions
Width 1500 - 2300 mm
Depth 800 / 900 mm

Tabletop corners
90° corner

Heights of side and rear panels
1150, 1300 mm

Awards
VARIO CONCLUSION has won three prestigious design awards: Red Dot Design Award 2012, German Design Award 2013 and interior innovation award 2012.

Design: Prof. Klaus Michel (2012)
