VARIO MOVE fixed height

MOVE - the table system with a cool move: a folding table that does more than just fold

Whether you turn or rotate it, pick it up, push it away or fold it: manufactured to the highest standards of quality and durability, MOVE is a height-fixed, highly flexible workbench for quick and easy reconfigurations.

The fold-down table top becomes a presentation surface

The tabletop can be swiveled into a vertical position, transforming it into a workshop tool with a whiteboard surface. And also back into a table.

There and away on silent castors

When the table top is folded down, MOVE can be pushed together for space-saving storage. This makes it easy to add tables or move them to the side if required. The smooth-running, lockable castors are a great help here. The table frames are very stable, so nothing wobbles. The working height is 730 mm. For larger configurations, such as conference systems, the table tops can also be linked together. The side frames and runners are available in three colors: white, black or white-aluminum.

Table tops in a wide variety of shapes and colors

Various table top shapes and sizes are available: the elegant, confident ellipse and the communicative boat

Table top shapes:

Rectangular table top
Width: 800 to 2000 mm, in 200 mm increments
Depth: 700 / 800 / 900 / 1000 mm

Elliptical table top
Width: 1800 / 2000 / 2200 mm
Frame width: 1400 / 1600 / 1800 mm
Depth: 1000 / 1100 / 1200 mm

Table top half elliptical shape:
Width: 1200 / 1400 / 1600 mm
Frame width: 1000 / 1200 / 1400 mm (overhang on one side)
Depth: 1000 / 1100 / 1200 mm

Table top boat shape:
Width: 1800 / 2000 / 2200 mm
Frame width: 1400 / 1600 / 1800 mm
Depth: 700 - 1000 - 700 mm

Table top half boat shape:
Width: 1200 / 1400 / 1600 mm
Frame width: 1000 / 1200 / 1400 mm (overhang on one side)
Depth: 700 - 1000 mm

shape are ideal for meetings and conferences (also available in "half" ellipse and boat shapes). The practical and versatile rectangular shapes, either with 90° corners or with rounded corners (radius 40 mm), are suitable for seminar and work table areas. Or as a dining and games table.

The 19 mm thick table tops are available in numerous surface variants: Plain decor, VARIO trend colors, wood decor, elegant real wood veneer, high-quality soft-touch surfaces, super-matt lacquer top or a non-magnetic whiteboard coating for seminar and workshop areas.

Discreet cable ducts under the table keep things tidy, and oak storage and pen trays can be placed on the table.
