

VARIO VERSA P

With its fully extendable pull-out trolley, the VARIO VERSA P apothecary cabinet combines the function of storage space for files and roller containers at the workplace.

The open design of today's office landscapes with the need to store the most important documents within the immediate reach of the user increasingly makes the VERSA P pharmacist's cabinet an interesting storage alternative.

The higher cabinets with a height of 2 to 3 OH are very suitable for dividing rooms and thus create privacy and personal storage space at the workplace. In addition, the higher versions allow temporary working while standing. The lower versions (in table height and under-table) extend the working and storage areas. The depth of the carcasses can be adapted to different depths for workstation combinations.

The storage space in the pull-out trolley can not only be used as file storage, but can also be equipped with drawers, storage trays, hanging frames and a private compartment. The fully extendable drawers then take over the function of the classic rolling or standing file. A removable cylinder lock in the front (optional) ensures discretion and security for sensitive documents or personal items.

Dimensions

Under-table cabinet

Width 450 mm
Height 570 mm incl. 19 mm cover plate
Depth 800 mm

Side cabinet (table height)

Width 450 mm
Height 702 mm + cover shelf (13 / 19 / 25 mm)
Depth 800 - 1055 mm

Tall apothecary cabinet

Width 450 mm
Height 2 OH = 837 mm + cover shelf (13 / 19 / 25 mm)
Height 2.5 OH = 1131 mm + cover shelf (13 / 19 / 25 mm)
Height 3 OH = 1181 mm + cover shelf (13 / 19 / 25 mm)
Depth 800 - 1055 mm

Top units:

Cover shelf

Width 450 mm
Thickness 13 / 19 / 25 mm
Depth for 1 apothecary cabinet 800 - 1055 mm
Depth for 2 apothecary cabinets 1600 - 2110 mm

Top shelf (open at the sides)

Width 450 mm
Height 200 / 370 / 429 mm
