

VARIO COVER Sit-Stand Table

The VARIO COVER sit-stand table is a work table that can be moved around the room very flexibly.

The individual modules are easy to move on smooth-running castors and thus very flexible working situations can be created. The simple and unobtrusive design is available in the versions sitting/standing table, standing table and armchair. All are always based on the same 3-sided enclosure. The COVER sit-stand table has a worktop that can be adjusted in height from 740 to 1140 mm with a gas pressure spring. A stainless steel footrest makes working while standing more comfortable.

Dimensions

width 900 mm
depth 700 mm
height 1300 mm
