VARIO Felt Boxes

VARIO felt boxes for sorting, stacking and storing.

The internal dimensions of the felt boxes are optimized for A4 formats, the external dimensions allow maximum space utilization in all VARIO cabinet and shelf systems.

The light - but stable - stacking boxes made of PET felt are available in 3 heights: 8 cm, 16 cm and 24 cm. The compartment size with the inside dimension 238 x 308 mm takes up Din A4 formats. Since the base area of all boxes is identical, all sizes can be stacked on top of each other. The felt feet also function as stacking noses and prevent the boxes from slipping on each other.
