VARIO®

TIME OUT
 Off to a time out. Switch off, switch over, rethink and change your perspective. This works particularly well during the holiday season; now is the time to take a break and discover oases of peace and tranquillity. Our CONCLUSION sofas, the colourful seat cushions, and the newly developed seating elements „STAY“ ensure summer feeling, even in the middle of the office. VARIO’s highly flexible seating arrangements, meeting lounges and partition walls refresh every central zone and provide a source of inspiration. Thinking differently and restructuring with full speed ahead – made with know-how in Liederbach/Taunus.
